

## **Dana 60™ AdvanTEK® Axle Featured on 2021 Ram® 1500 TRX™ Pickup Truck**

January 12, 2021

MAUMEE, Ohio, Jan. 12, 2021 /PRNewswire/ -- Dana Incorporated (NYSE: DAN) announced today that it will be supplying its Dana 60™ AdvanTEK® solid rear axle with Spicer PerformaTraK™ electronic locking differential to the 2021 Ram® 1500 TRX™ pickup truck.

Leveraging a full-float axle design, the new Dana 60 utilizes a 3.55 gear ratio and specialized AdvanTEK technology to deliver increased torque and carrying capacity over Dana's traditional offering. The axle will come equipped with the Spicer PerformaTraK electronic locking differential, which can transfer rear axle torque to one wheel. This ensures the wheels do not slip, providing increased traction.

"As the demand for vehicles with high-performance, off-road capability continues to increase, Dana is developing solutions that are designed to deliver maximum performance and durability in the toughest of conditions," said Bob Pyle, president of Dana Light Vehicle Drive Systems. "The 2021 Ram 1500 TRX is an extremely capable on- and off-road vehicle and we are proud to have been selected to provide our Dana 60 AdvanTEK axles to support its power and strength."

The new axles will be assembled at Dana's facility in Dry Ridge, Kentucky.

In addition to axles, Dana supplies cylinder head gaskets for the 2021 Ram 1500 TRX.

### **About Dana Incorporated**

Dana is a world leader in providing power-conveyance and energy-management solutions that are engineered to improve the efficiency, performance, and sustainability of light vehicles, commercial vehicles, and off-highway equipment. Enabling the propulsion of conventional, hybrid, and electric-powered vehicles, Dana equips its customers with critical drive and motion systems; electrodynamic technologies; and thermal, sealing, and digital solutions.

In 2019, the company reported sales of \$8.6 billion with 36,000 associates in 34 countries across six continents. Based in Maumee, Ohio, USA, and founded in 1904, Dana has established a high-performance culture that focuses on its people, and the company has earned recognition around the world as a top employer.
