**Item 1.01 Entry into a Material Definitive Agreement.**

On March 26, 2018, Dana Incorporated, a Delaware corporation (“Dana”), and GKN plc, a public limited company incorporated under the laws of England and Wales (“GKN”), entered into Amendment No. 1 (the “Amendment”) to the Separation Agreement, dated March 9, 2018 (the “Separation Agreement”), between Dana and GKN. Pursuant to the terms of the Separation Agreement, GKN will, among other things, (i) sell the driveline and off-highway powertrain businesses of GKN (the “Driveline Business”) to a new public limited company incorporated under the laws of England and Wales (“SpinCo”) pursuant to a share purchase and (ii) effect a special dividend to be satisfied by the issuance by SpinCo of ordinary shares of SpinCo (the “SpinCo Shares”) to GKN shareholders.

Under the terms of the Amendment, the Cash Consideration (as defined in the Separation Agreement) for the acquisition of the Driveline Business will be increased by £100 million (\$140 million), payable in cash. In addition, the Amendment reflects the agreement between Dana and GKN to obtain a secondary ‘standard listing’ for the SpinCo Shares on the main market of the London Stock Exchange.

The foregoing summary of the Amendment is not complete and is qualified in its entirety by reference to the Amendment, which is filed as Exhibit 2.1 to this Current Report on Form 8-K and is hereby incorporated by reference. Other than as expressly modified pursuant to the Amendment, the Separation Agreement remains in full force and effect as originally executed on March 9, 2018.

**Item 8.01 Other Events.**

On March 26, 2018, Dana issued a news release announcing the execution of the Amendment and an increase in the size of Dana’s share repurchase program. A copy of the news release is attached hereto as Exhibit 99.1 and is incorporated by reference herein.

Important Information for Investors and Stockholders

This communication does not constitute an offer to sell or the solicitation of an offer to buy any securities or a solicitation of any vote or approval. In connection with the proposed transactions between Dana and GKN, SpinCo will file with the Securities and Exchange Commission (“SEC”) a registration statement containing a proxy statement/prospectus, which will constitute a preliminary prospectus of SpinCo and a preliminary proxy statement of Dana, and Dana will file with the SEC a definitive proxy statement on Schedule 14A. The materials to be filed by Dana and SpinCo will be made available to Dana’s investors and stockholders at no expense to them and, once available, copies may be obtained free of charge on Dana’s website at [www.dana.com](http://www.dana.com). In addition, all of those materials will be available at no charge on the SEC’s website at [www.sec.gov](http://www.sec.gov). Investors and stockholders of Dana are urged to read the registration statement, the proxy statement and other relevant materials when they become available before making any voting or investment decision with respect to the proposed transactions because they contain important information about the proposed transactions and the parties to the proposed transactions.

Dana and its directors, executive officers and other members of its management and employees may be deemed to be participants in the solicitation of proxies of Dana stockholders in connection with the proposed transactions. Investors and stockholders may obtain more detailed information regarding the names, affiliations and interests of certain of Dana's executive officers and directors in the solicitation by reading Dana's definitive proxy statement for its 2018 annual meeting of stockholders, Annual Report on Form 10-K for the fiscal year ended December 31, 2017, and proxy statement and other relevant materials which will be filed with the SEC in connection with the proposed transactions when they become available. **Dana Increases Cash Consideration for GKN Driveline by £100 million**

***Company Also Doubles Size of Share Repurchase Program***

***Actions Support Strong Investor Interest in Strategic Business Combination***

MAUMEE, Ohio, March 26, 2018 – In support of strong investor interest in its combination with GKN Driveline, Dana Incorporated (NYSE: DAN) announced today that it has improved the terms of its agreed combination and will also double the size of its share repurchase program.

- Dana has increased the cash element of consideration by \$140 million (£100 million), representing an 8.6 percent increase in the cash consideration and delivering further value to GKN shareholders.
- Dana will double the size of its share repurchase program to \$200 million (£145 million). The company expects to use its share repurchase program to support liquidity in all markets for Dana shares following the merger.

As a result, the total cash consideration is approximately \$1.77 billion (£1.28 billion), along with the assumption of approximately \$1.0 billion (£700 million) of IAS 19 net pension liabilities and approximately 133 million new Dana plc shares issued to GKN's shareholders. As agreed previously, upon completion of the transaction, Dana plc will be registered in the U.K., and the shares will be listed on both the London Stock Exchange and the New York Stock Exchange, allowing GKN shareholders to benefit from the significant value creation a Dana-GKN Driveline combination will provide.

Jonathan Collins, executive vice president and chief financial officer of Dana, said: "Today's announcement demonstrates our support for investors following a series of productive meetings where the many benefits of the combination have become ever more apparent. We are clearly enhancing the superior value this combination offers to GKN shareholders. This strategic transaction is driven by powerful industrial logic and offers a unique opportunity for shareholders to participate in the creation of a global leader in vehicle drive systems and electric propulsion.

"The increase in our share repurchase program illustrates further confidence in our ability to unlock the value of this combination, including \$235 million (£174 million) of synergies available only as a result of this transaction, as well as the delivery of a successful integration that has the support of investors, employees, pension trustees, and a global customer base."

Dana plans to repurchase its shares in the open markets or through privately negotiated transactions funded through continued cash generation and liquidity. Pursuant to this program expiring December 31, 2019, the purchase of shares is subject to prevailing market conditions, available growth opportunities, and other considerations.
