IMMEDIATE

**Dana Incorporated Reports 2024 First-Quarter Financial Results  
With Increased Sales, Adjusted EBITDA, and Free Cash Flow  
Raises Full-Year Free Cash Flow Guidance**

- Sales of \$2.7 billion, an increase of \$91 million
- Net income of \$3 million, including a \$29 million charge related to the announced European hydraulics business divestiture
- Adjusted EBITDA of \$223 million, an increase of \$19 million over last year
- Adjusted EBITDA margin of 8.2 percent, a 50-basis-point improvement compared with 2023
- Operating cash flow improved by \$68 million compared with last year
- Full-year 2024 free cash flow guidance raised by \$25 million

MAUMEE, Ohio, April 30, 2024 – Dana Incorporated (NYSE: DAN) today announced financial results for the first quarter of 2024.

“Dana delivered strong performance in the first quarter with improved sales, profit margins, and free cash flow over the previous year. Consistent with the past several quarters, stable demand in key markets and company-wide efficiency improvements again drove strong profit growth. We achieved 39 percent profit conversion on traditional organic sales in the quarter. This performance is well above our historical conversion for the first quarter and positions the company on a strong trajectory to achieve our full-year targets,” said James Kamsickas, Dana chairman and chief executive officer.

He added, “The Dana team is executing our core business and operating systems at a very high level, which is continuing to drive exceptional customer satisfaction that supports market share gains and our new business backlog, including traditional ICE, hybrid, and EV programs.”

Sales for the first quarter of 2024 totaled \$2.74 billion, compared with \$ 2.64 billion in the same period of 2023.

Adjusted EBITDA for the first quarter of 2024 was \$223 million, compared with \$204 million for the same period in 2023. Company-wide efficiency improvements continue to offset the margin impact of inflation and spending on development for electric-vehicle products.

Net income attributable to Dana was \$3 million, or \$0.02 per share, compared with \$28 million, or \$0.19 per share, in the first quarter of 2023. During the first quarter of 2024, Dana entered into a definitive agreement to sell its European Off-Highway non-core hydraulics business for approximately \$40 million. This business is classified as held for sale, and a \$29 million loss was recognized to adjust the carrying value of net assets to fair value, less estimated costs to sell. Combined with European valuation allowances of \$7 million triggered by the pending sale, the impact of the transaction was \$0.25 per share. The sale is expected to close during the second quarter of 2024.

Operating cash flow in the first quarter of 2024 was a use of \$102 million, compared with a use of \$170 million in the same period of 2023. Free cash flow was a use of \$172 million, compared with a use of \$290 million in the first quarter of 2023, an improvement of \$118 million.

“Our ongoing efforts to manage working capital have begun to show results as we have significantly improved free cash flow in the first quarter. Our ability to raise full-year guidance for free cash flow is attributed to improved working capital efficiency,” said Timothy Kraus, Dana senior vice president and chief financial officer.

#### Revised 2024 Financial Targets

- Sales of \$10.65 to \$11.15 billion;
- Adjusted EBITDA of \$875 to \$975 million, an implied adjusted EBITDA margin of approximately 8.5 percent at the midpoint of the range;
- Operating cash flow of approximately \$500 to \$550 million; and
- Free cash flow of \$50 to \$100 million;
- Diluted EPS of \$0.35 to \$0.85.

#### Dana to Host Conference Call at 10 a.m., Tuesday, April 30

Dana will discuss its first-quarter results in a conference call at 10 a.m. EDT on Tuesday, April 30. The conference call can be accessed by telephone from both domestic and international locations using the information provided below:

Conference ID: 9943139

Participant Toll-Free Dial-In Number: 1 (888) 440-5873

Participant Toll Dial-In Number: 1 (646) 960-0319

Audio streaming and slides will be available online via a link provided on the Dana investor website: [www.dana.com/investors](http://www.dana.com/investors). Phone registration will be available beginning at 9:30 a.m. EDT.

A webcast replay can be accessed via Dana's investor website following the call.

#### Non-GAAP Financial Information

Adjusted EBITDA is a non-GAAP financial measure which we have defined as net income (loss) before interest, income taxes, depreciation, amortization, equity grant expense, restructuring expense, non-service cost components of pension and other postretirement benefit costs and other adjustments not related to our core operations (gain/loss on debt extinguishment, pension settlements, divestitures, impairment, etc.). Adjusted EBITDA is a measure of our ability to maintain and continue to invest in our operations and provide shareholder returns. We use adjusted EBITDA in assessing the effectiveness of our business strategies, evaluating and pricing potential acquisitions and as a factor in making incentive compensation decisions. In addition to its use by management, we also believe adjusted EBITDA is a measure widely used by securities analysts, investors and others to evaluate financial performance of our company relative to other Tier 1 automotive suppliers. Adjusted EBITDA should not be considered a substitute for earnings (loss) before income taxes, net income (loss) or other results reported in accordance with GAAP. Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies.

Free cash flow is a non-GAAP financial measure which we have defined as net cash provided by (used in) operating activities less purchases of property, plant and equipment. We believe free cash flow is useful to investors in evaluating the operational cash flow of the company inclusive of the spending required to maintain the operations. Free cash flow is not intended to represent nor be an alternative to the measure of net cash provided by (used in) operating activities reported in accordance with GAAP. Free cash flow may not be comparable to similarly titled measures reported by other companies.

The accompanying financial information provides reconciliations of adjusted EBITDA and free cash flow to the most directly comparable financial measures calculated and presented in accordance with GAAP. We have not provided a reconciliation of our adjusted EBITDA outlook to the most comparable GAAP measure of net income (loss). Providing net income (loss) guidance is potentially misleading and not practical given the difficulty of projecting event driven transactional and other non-core operating items that are included in net income (loss), including restructuring actions, asset impairments and certain income tax adjustments. The accompanying reconciliation of adjusted EBITDA to net income (loss) for the historical periods presented are indicative of the reconciliation that will be prepared upon completion of the periods covered by the non-GAAP guidance.

#### Forward-Looking Statements

Certain statements and projections contained in this news release are, by their nature, forward-looking within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on our current expectations, estimates, and projections about our industry and business, management's beliefs, and certain assumptions made by us, all of which are subject to change. Forward-looking statements can often be identified by words such as "anticipates," "expects," "intends," "plans," "predicts," "believes," "seeks," "estimates," "may," "will," "should," "would," "could," "potential," "continue," "ongoing," and similar expressions, and variations or negatives of these words. These forward-looking statements are not guarantees of future results and are subject to risks, uncertainties, and assumptions that could cause our actual results to differ materially and adversely from those expressed in any forward-looking statement.

Dana's Annual Report on Form 10-K, subsequent Quarterly Reports on Form 10-Q, recent Current Reports on Form 8-K, and other Securities and Exchange Commission filings discuss important risk factors that could affect our business, results of operations and financial condition. The forward-looking statements in this news release speak only as of this date. Dana does not undertake any obligation to revise or update publicly any forward-looking statement for any reason.

#### About Dana Incorporated

Dana is a leader in the design and manufacture of highly efficient propulsion and energy-management solutions that power vehicles and machines in all mobility markets across the globe. The company is shaping sustainable progress through its conventional and clean-energy solutions that support nearly every vehicle manufacturer with drive and motion systems; electrodynamic technologies, including software and controls; and thermal, sealing, and digital solutions.

Based in Maumee, Ohio, USA, the company reported sales of \$10.6 billion in 2023 with 42,000 people in 31 countries across six continents. With a history dating to 1904, Dana was named among the "World's Most Ethical Companies" for 2023 and 2024 by Ethisphere and as one of "America's Most Responsible Companies 2023" by *Newsweek*. The company is driven by a high-performance culture that focuses on valuing others, inspiring innovation, growing responsibly, and winning together, earning it global recognition as a top employer. ## Q1 Financial Results

sales

**\$2.7 billion** \$91 million  
from prior year

adjusted EBITDA

**\$223 million** \$19 million  
from prior year

free cash flow

**\$(172) million** \$118 million  
from prior year

## Key Highlights

**Company-Wide efficiency improvements**

**39%**

- Conversion on traditional organic sales in Q1
- Supports full-year conversion target

**End market demand stable**

**~\$100M**

- Organic Sales growth in Q1
- Full-Year market forecast unchanged

**Financial outlook remains strong; higher free cash flow**

**\$75M**

- Revised full-year FCF outlook
- 50% increase

*Company-Wide Efficiency Improvements and Improving Customer Order Patterns Driving Profit and Cash Flow Growth*

# Business Environment

## 2024 Outlook

### Company-wide Efficiencies

- Improved customer production stability increasing productivity
- Continued lowering production costs
- Efficiency improvements in all areas of the enterprise

### Supply Chain

- Net commodities expected to be sales and profit headwind
- Steel prices expected to be mostly flat in 2024
- Commodity recoveries reversing as input costs decline

### New Programs & Refreshed Base Business

- Refreshed, conquest, and new business growth
- Share gains partially offsetting market in Commercial Vehicle
- Normalized annual launch cadence driving higher efficiency

## End-Market Outlook

Market	From last year	Update
 Agriculture		Softening
 Construction		No Change
 Mining		No Change
 Light Truck		No Change
 Medium-Duty Truck		Slight Improvement
 Heavy-Duty Truck		Slight Improvement

## Industry Trends

Cost Inflation Moderating

OEM Production Stable

EV Demand Fluctuating

# PACE Award: Electro-Mechanical, Infinitely Variable Transmission

Dana's Patented **Electro-Mechanical, Infinitely Variable Transmission (EMIVT)** operates in engine-only, hybrid, or full-battery electric modes

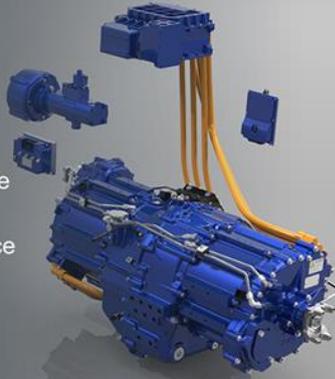

Improved Sustainability

Enhanced Performance and Functionality

Safer Working Environment

Reduce Total Cost of Ownership

- Up to 40% better fuel economy
- 28% faster acceleration
- Reduction of brake wear
- Zero-Emission and low-noise
- Functional-Safety compliance
- Pump and roll operation
- Regenerative braking

# Industry and Customer Recognition

Recognition Demonstrates Dana's Ethical Foundation, Customer Focus, and Technological Expertise

# Financial Review

APRIL 30, 2024

**DAN**  
LISTED  
**NYSE**

# 2024 Q1 Financial Results

- Higher sales driven by renewed vehicle programs, new business, and market share gains in commercial vehicle market
- Increased production efficiency, company-wide cost improvement actions, and more stable customer order patterns drove higher profitability
- Announced divestiture of European hydraulics business within the Off-Highway segment resulted in a \$29M impairment charge and \$7M of additional income tax expense due to valuation allowance adjustments, negatively impacting EPS by \$0.25/share; transaction is expected close in Q2
- Improved cash flow driven by higher profit and lower working capital requirements

## Changes from Prior Year

(\$ in millions, except EPS)

	Q1 '24	Q1 '23	Change
<b>Sales</b>	\$ 2,735	\$ 2,644	\$ 91
<b>Adjusted EBITDA</b>	223	204	19
<b>Margin</b>	8.2%	7.7%	50 bps
<b>Loss on Business Held for Sale</b>	(29)	0	(29)
<b>EBIT</b>	70	90	(20)
<b>Interest Expense, Net</b>	35	30	5
<b>Income Tax Expense</b>	37	30	7
<b>Net Income</b> (attributable to Dana)	3	28	(25)
<b>GAAP Diluted EPS</b>	\$ 0.02	\$ 0.19	\$ (0.17)
<b>Operating Cash Flow</b>	(102)	(170)	68

See appendix for comments regarding the presentation of non-GAAP measures

**Higher Sales, Profit and Operating Cash Flow Driven by Strong Execution**

# 2024 Q1 Sales and Profit Changes

- Higher organic sales driven by renewed vehicle programs, new business, and market share gains in commercial vehicle market partially offset by lower sales in off-highway agriculture markets
- Higher demand for battery cooling products driving increased EV sales
- Company-Wide cost management and production efficiency more than offset inflation
- Positive contribution of current EV programs offset by engineering and development spending for future programs
- Minimal impact from currency translation
- Lower commodity costs resulting in lower sales recoveries; profit benefit of lower input costs offset by the cost true-ups with customers

See appendix for comments regarding the presentation of non-GAAP measures

**Strong Performance Driven by Company-Wide Efficiencies**

# 2024 Q1 Free Cash Flow

- Increase in net interest payments due to higher rates and payment timing from refinancing
- Lower working capital requirements due to focused management of inventory and receivables
- Reduced capital spending required to support new business backlog and replacement business due to a more normal launch cadence

<b>Taxes</b>	(27)	(23)	(4)
<b>Working Capital / Other<sup>2</sup></b>	(244)	(326)	82
<b>Capital Spending</b>	(70)	(120)	50
<b>Free Cash Flow</b>	\$ (172)	\$ (290)	\$ 118

<sup>1</sup>Includes costs associated with business acquisitions and divestitures and restructuring. <sup>2</sup>Changes in working capital relating to interest, taxes, restructuring, and transaction costs are included in those respective categories. See appendix for comments regarding the presentation of non-GAAP measures.

**FCF Improvement Driven by Lower Working Capital Requirements and Capital Spending**

# 2024 FY Financial Guide

- Sales growth driven by new business backlog, improved end-market demand, new/refreshed programs, and market share gains
- Company-wide efficiency improvements drive higher margins
- YOY free cash flow improvement driven by higher profit, improved working capital efficiency, and lower capital spending
- Free cash flow improvement from prior guidance driven by lower working capital requirements
- Free cash flow includes significant capital investment to support market growth and new business in ICE and EV
- Impact of divestiture was previously included in full-year EPS guidance

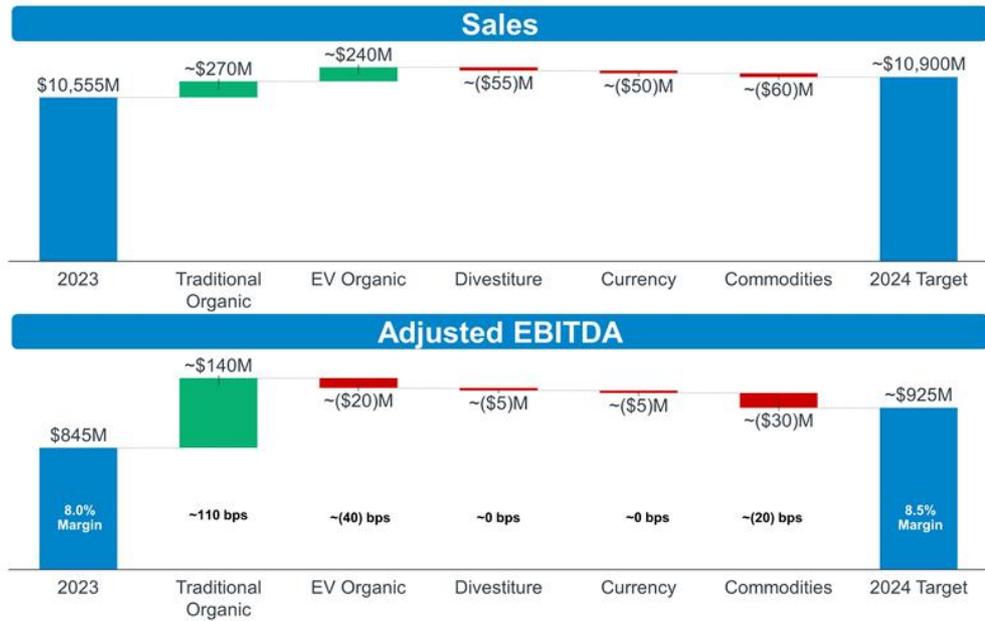

See appendix for comments regarding the presentation of non-GAAP measures

**Balanced End-Market Demand Growth and Improved Operating Environment**

# 2024 FY Sales and Profit Changes

- Organic growth driven by strong sales, pricing, and market share gains
- Strong conversion on organic growth due to improved efficiencies and cost savings actions
- Cost recovery actions expected to mostly offset inflation
- Positive profit contribution on EV sales offset by investment in new program development
- Announced divestiture of non-core hydraulics business. Anticipated closing in Q2
- Translation of foreign currency expected to be slightly less of a headwind to sales than previously forecasted
- Lower commodity costs driving reduced sales recoveries; profit impacted by commodity cost true-ups with customers as input commodities decline

See appendix for comments regarding the presentation of non-GAAP measures

**Sales Growth with Improved Profit Driven by Company-Wide Efficiencies and Cost Savings**

# 2024 FY Free Cash Flow

- Raising full-year guidance due to improved working capital efficiency
- Higher profit and lower capital investment requirements
- Increase in net interest payments due to higher rates and payment timing from refinancing

## Changes from Prior Year

(\$ in millions)

	<u>2024</u>	<u>2023</u>	<u>Change</u>
Adjusted EBITDA	\$ ~925	\$ 845	\$ ~80
One-time Costs <sup>1</sup>	(40)	(20)	(20)
Interest, Net	(150)	(116)	(35)
Taxes	(160)	(148)	(10)
Working Capital / Other <sup>2</sup>	(50)	(85)	35
Capital Spending	(450)	(501)	50
Free Cash Flow	\$ ~75	\$ (25)	\$ ~100

<sup>1</sup>Includes costs associated with business acquisitions and divestitures and restructuring. <sup>2</sup>Changes in working capital relating to interest, taxes, restructuring, and transaction costs are included in those respective categories. See appendix for comments regarding the presentation of non-GAAP measures.

**Positive Free Cash Flow Driven by Higher Profit, Lower Capex, and Improved Working Capital**

# Non-GAAP Financial Information

Adjusted EBITDA is a non-GAAP financial measure which we have defined as net income (loss) before interest, income taxes, depreciation, amortization, equity grant expense, restructuring expense, non-service cost components of pension and other postretirement benefit costs and other adjustments not related to our core operations (gain/loss on debt extinguishment, pension settlements, divestitures, impairment, etc.). Adjusted EBITDA is a measure of our ability to maintain and continue to invest in our operations and provide shareholder returns. We use adjusted EBITDA in assessing the effectiveness of our business strategies, evaluating and pricing potential acquisitions and as a factor in making incentive compensation decisions. In addition to its use by management, we also believe adjusted EBITDA is a measure widely used by securities analysts, investors and others to evaluate financial performance of our company relative to other Tier 1 automotive suppliers. Adjusted EBITDA should not be considered a substitute for earnings (loss) before income taxes, net income (loss) or other results reported in accordance with GAAP. Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies.

Free cash flow is a non-GAAP financial measure which we have defined as net cash provided by (used in) operating activities less purchases of property, plant and equipment. We believe free cash flow is useful to investors in evaluating the operational cash flow of the company inclusive of the spending required to maintain the operations. Free cash flow is not intended to represent nor be an alternative to the measure of net cash provided by (used in) operating activities reported in accordance with GAAP. Free cash flow may not be comparable to similarly titled measures reported by other companies.

The accompanying financial information provides reconciliations of adjusted EBITDA and free cash flow to the most directly comparable financial measures calculated and presented in accordance with GAAP. We have not provided a reconciliation of our adjusted EBITDA outlook to the most comparable GAAP measure of net income (loss). Providing net income (loss) guidance is potentially misleading and not practical given the difficulty of projecting event driven transactional and other non-core operating items that are included in net income (loss), including restructuring actions, asset impairments and certain income tax adjustments. The accompanying reconciliation of adjusted EBITDA to net income (loss) for the historical periods presented are indicative of the reconciliation that will be prepared upon completion of the periods covered by the non-GAAP guidance.
